

WORK ORDER #2020-01
TO MASTER SERVICES AGREEMENT, DATED 11/01/2019

This Work Order is made and entered into this 1st day of April 2020, by and between **FOUNDRY LOVELAND METROPOLITAN DISTRICT**, (the "District"), and **ZAK GEORGE LANDSCAPING** ("Contractor"), collectively, the "Parties." Unless otherwise defined herein, all capitalized terms shall have the meaning given to them in that certain Master Services Agreement between the District and Contractor, dated **11/01/2020** (the "Agreement").

1. Services. The Services to be provided by Contractor pursuant to the terms of the Agreement and this Work Order are set forth in **Exhibit A-1** attached hereto and further described as follows:

The contractor will provide the District with maintenance of the landscaping and irrigation within the designated boundaries based on the map enclosed in Exhibit A-1. Contractor shall provide on-site labor and materials as necessary to keep and maintain the efficient operation of lawn and landscape maintenance and a safe and professionally groomed appearance at all times.

2. Compensation. Contractor hereby agrees to perform such Services as set forth in Paragraph 1 to this Work Order and the District hereby agrees to pay Contractor for the satisfactory performance of the Services in an amount not to exceed \$4,915.00 as set forth in **Exhibit A-1** attached hereto. The District's payment obligation set forth in this Paragraph 2 is subject to the annual appropriation of funds by the District, as set forth in Section 13 of the Agreement. The District has appropriated sufficient funds to compensate Contractor for Services rendered pursuant to this Work Order for the current fiscal year. Payment by the District for any Services rendered by Contractor in the subsequent fiscal year shall be subject to the District appropriating such funds for payment for the subsequent fiscal year.

3. Term. The term of this Work Order shall begin on the date set forth above, shall be effective as of such date regardless of the date of execution hereof, and shall terminate on December 31, 2020.

4. Modification. This Work Order may not be amended, modified or changed, in whole or in part, except by a Change Order executed by the District and the Contractor. Any Change Order resulting in an increase in compensation shall be subject to the appropriation of funds by the District prior to the execution of a Change Order, as set forth in Section 13 of the Agreement.

5. Integrated Agreement. This Work Order has been issued pursuant to, and is hereby made a part of, the Agreement. The terms and conditions of the Agreement remain in full force and effect and shall apply to this Work Order and the Services performed hereunder.

IN WITNESS WHEREOF, the Parties have executed this Work Order as of the ____ day
of _____, 20__.

Project
The Foundry 246 N Cleveland Ave Loveland, CO 80537

**Scope
Landscape Maintenance Contract
One Year Contract
2020**

Spring Cleanup

**Spring Cleanup
1**

All common grounds areas around buildings including turf, flowerbeds and similar areas will be cleaned of wind blown trash, debris, dead plant material, and the like once in the spring before mowing starts.

Frequency of Services:

Aeration

**Aeration
1**

All turf areas will be aerated using a coring machine once in the spring to enhance water penetration. Plugs will not be raked off of the turf but shall be mowed and allowed to filter back into the ground. A second fall aeration is available for an additional fee.

Frequency of Services:

Weed Control

Pre-emergent

1

Frequency of Services:

A weed control pre-emergent will be used in flower, rock and mulch beds as appropriate.

Fertilizer

Liquid Fertilizer

4

Frequency of Services:

Turf areas shall be fertilized four (4) times during the season under this contract. Three broadcast weed applications will be applied in conjunction with the fertilizer. The first application will include a crabgrass pre-emergent.

Irrigation

Irrigation Startup

1

Frequency of Services:

Irrigation will be activated in the spring as the weather allows. During activation, system will be charged and tested to confirm that it is water tight. At this time, all heads and nozzles will be checked to ensure they are adjusted properly. Drip system will be checked to ensure all plants have working irrigation. Repairs will be made as needed.

Irrigation Check

4

Frequency of Services:

May: System will be checked to ensure that it is still water tight along with all heads and nozzles being adjusted properly.

June through August: System will be checked to ensure it is water tight. Heads and nozzles will be checked with a focus on high stress areas and dialing in the zones that appear to not be functioning optimally.

September: System will be checked and times will be adjusted for seasonal changes.

Drip System: Drip system will be checked at each visit.

Repairs: Irrigation repairs are billed at \$75 per man hour plus materials. Irrigation repairs that will exceed \$_____ will be reported to the contracting officer and if deemed appropriate, will receive written approval from the Property Manager. Contractor is not responsible for damages due to early severe freezes before system is winterized.

Irrigation Winterization

1

Frequency of Services:

Irrigation will be winterized in the fall when weather approaches freezing conditions. Winterization will be done using air compressors to blow out the system. All zones, including drip, will be winterized appropriately.

The Foundry

Turf Care

Mowing

Frequency of Services:

24

Mowing of irrigated turf areas shall be done weekly on a regularly scheduled day, at a height of 3” - 3.5”. Mowing will occur during normal business hours, Monday through Friday, weather permitting. In the case of weather related interruptions, a Saturday mowing may occur. Clippings generated from mowing around buildings will be caught and removed. The clippings in the open areas will be left if not unsightly. All clippings will be blown from sidewalks, patios and driveways. Routine trash pickup of all turf areas will be conducted prior to mowing. Mowing may be bi-weekly in the spring and fall when the growth of the grass is slower. Trimming will be completed at the time of mowing. Grass along edges of buildings, around poles, along fences, beds and tree wells shall be trimmed to achieve the same height as the mowed areas. Some areas may be treated with an herbicide to reduce trimming. Sidewalks, driveways and streets will be edged monthly. Weed control in flower, rock and mulch beds will be done in conjunction with mowing.

Pruning

Pruning

Frequency of Services:

1

To encourage proper appearance and growth patterns, there will be three (3) site visits per season and plants will be pruned as listed below. These pruning practices are based on CSU Master Gardener recommendations and GreenCO best management practices. All pruning of trees shall be done up to ten (10) feet high. This does not include: removal of dead shrubs and trees, major tree pruning and shaping, or tree limbs broken during storms. Contractor will monitor tree and shrub health and promptly report any diseases, infestations, or other unfavorable conditions to the contracting officer and recommend a course of action in such cases. Shrubs, grasses and perennials will be pruned using mechanical hedge trimmers and hand pruners as necessary. Tree limbs will be removed with chainsaws, loppers or handsaw dependent on size and location of limb.

Services included in this contract:

- Spring (February or March): Cut grasses down/remove last year’s growth
- End of June/Lilac Bloom Completion: Yearly pruning of lilacs, shaping/growth control of junipers
- Fall (Mid-October to Mid-December): Cut perennials back, heavy pruning of all plants (except lilacs & junipers.) Lower tree limbs removed.

*** Dates may vary dependent on weather, plant growth and plant health.**

Fall Cleanup

Fall Cleanup

1

Frequency of Services:

In the fall, the turf areas will be cleaned of leaves during every mowing, and a final clean up will be performed to remove the leaves and debris in the beds.

Terms & Conditions

Emergency Calls:

Any night, weekend or holiday emergency calls will be billed at \$85 per hour, minimum of 1 hour.

Backflow Testing:

Requested backflow testing will be billed at \$80 per backflow tested.

Construction/Remodeling:

In the event that construction or remodeling occurs on the property, any damages done to ZGL equipment by non-ZGL approved contractors will be billed to the HOA/property (please ask for references).

Water Restrictions:

If water restrictions are imposed by local governing bodies, ZGL will reprogram the irrigation system to adhere to the new parameters. We will also make every effort to ensure that all plant life survives the restricted watering and that your property maintains its neat and clean appearance. In return, this contract cannot be canceled or reduced during that period of restrictions or a drought.

Enhancements:

If additional work is requested, ie, adding mulch, replacing plants, etc., pricing can be provided as a hard bid or submitted as Time & Material. Time & Material rate is \$60 per man hour plus materials.

Payment:

Landscape maintenance services performed will be invoiced on the first day of the next month. Payment is due, in full, ten (10) days following the close of the month which the services were performed. By accepting this agreement, you agree to pay a charge of 2% per month with a minimum charge of \$5.00 per month on any amount not paid within 30 days of the invoice date, and you agree to pay any and all professional fees associated with any steps necessary to collect unpaid balances.

Contractor and customer reserve the right to cancel contract at any given time with 30 days certified written notice to the other party.

This is a one (1) year contract. The total contract price will be billed in eight (8) even increments from April to November.

Project Total **\$4,915.0**

Monthly Payments **\$614.1**
